Pleasant Valley Recreation and Park District Camarillo City Hall Council Chambers Minutes of Regular Meeting October 7, 2020

5:00 p.m. Workshop - Quarterly Financial Update

Administrative Services Manager Leo Young reviewed the District's cash projections for July-December 2020. If the District receives no Tax Apportionment in December, the ending cash balance is projected to be approximately \$378,000. District budgeting has been conservative and managers looked at reductions and potential budget changes due to COVID-19. With revenues reduced, part-time employees were cut and a full-time position is being left vacant. The cost of insurance liability has gone up along with the cost of the election fee this year. Cash projections will be brought back again in November.

Bev Dransfeldt of Camarillo thanked staff for their increase in transparency by setting up the regular board meetings for livestreaming. She requested the justification of why a full-time position was essentially given the golden handshake during the pandemic while board members still continued to collect their per board meeting stipend and meals. Ms. Dransfeldt inquired about car allowances and cell phone allowances for some employees and the justification for increasing the water budget while employees were furloughed or cut. She also asked why there was a decision to reduce the maintenance fees that community service organization usually pay in a normal year by 50%.

Jordan Roberts of Camarillo questioned why the Legal Services line item was reduced from \$100,000 to \$90,000.

The workshop ended at 5:28 p.m.

1. CALL TO ORDER

The regular meeting of the Board of Directors of the Pleasant Valley Recreation and Park District was called to order at 6:00 p.m. by Chair Magner.

2. PLEDGE OF ALLEGIANCE

Director Mishler led the pledge.

3. ROLL CALL

All present.

Also Present: General Manager Mary Otten, Administrative Services Manager Leonore Young, Park Services Manager Bob Cerasuolo, Recreation Services Manager Eric Storrie, Administrative Analyst/Clerk of the Board Anthony Miller, Customer Service Lead/Recording Board Secretary Karen Roberts, Administrative Analyst Jessica Puckett, Recreation Supervisor Macy Trueblood, Recreation Specialist Connor Soudani, and Park Supervisors Nick Marienthal and Brandon Lopez.

4. AMENDMENTS TO THE AGENDA

General Manager Mary Otten provided an update regarding the June to December 2020 Quarterly Finances. As of July 1, 2020, there was \$3.2 million in cash. With limited revenues, there is now \$1.6 million in cash. The projected cash balance in December is expected to be \$377,000. Staff will bring back the updated cash projections in November.

Chair Magner called for a motion. A motion was made by Director Mishler and seconded by Director Dixon to approve the agenda.

5. PRESENTATIONS

A. District Highlights

Recreation Supervisor Macy Trueblood presented the District Highlights for October. Beginning October 5, there will be multiple Virtual Runs offered through the District. Outside Bingo will start October 14 and is already waitlisted. Food Distribution is continuing at the Senior Center on Friday mornings. Halloween in the Park will be a free drive-thru event on October 31 from 5pm to 8pm. A new marquee was installed at the Community Center and the Pitts Ranch Park basketball court was resurfaced. The Community Center (Room 7) will be an In-Person Voting Location and a Ballot Drop-Off Location from October 31 through Nov 3. Santa will have his mailbox at the Community Center this year beginning November 30 through December 15, so it is time to write your Letters to Santa.

6. PUBLIC COMMENTS

Recording Board Secretary Karen Roberts read aloud an email from Audra Seldeen with the Las Posas Trails Committee. Ms. Seldeen thanked the Long Range Planning Committee for holding the recent meeting at the Las Posas Equestrian Park so that everyone could walk the trail and view the challenges and possible solutions.

Jordan Roberts of Camarillo thanked the board for the District's first livestreamed meeting which will increase accessibility and transparency. Mr. Roberts addressed PERB's (Public Employee Relations Board) finding that the District's employee bargaining failed to meet and confer in good faith and interfered with the protected rights of the employees. He stated that the District does not value the professionalism of its employees and wants employees to be at will. Mr. Jordan stated that Director Malloy commented during the evening's Quarterly Financial Update that the next step he sees is cutting employees. With better ways to recover costs, the District has wasted staff time for the last three years and the legal services budget has increased from \$48,000 to \$90,000. Mr. Roberts asked for an end to the ballooning legal services budget, unfair labor practices, bad faith bargaining, and taxpayer waste. He also asked about the lack of response to his question on why the

line item for legal services was reduced from \$100,000 to \$90,000. General Manager Mary Otten replied that the entire budget process is spread over four different workshops in the spring to see where the District can save money. The legal budget is just not for personnel, but also for other agreements and contracts with groups that the District works with like Miracle League. Next year, the legal services budget will go up because of possible legal issues in dealing with property rights along the Las Posas Equestrian Trail. Director Kelley requested that Mr. Roberts state the whole record when mentioning that Director Malloy in reference to limited revenues said that he sees the next step as cutting employees. Mr. Kelley stated that Director Malloy said he did not want to cut employees, but he said that it would be the next step if things got worse.

Bev Dransfeldt, a Camarillo constituent, District employee and candidate for the District Board stated that in the 5:00 p.m. Quarterly Financial Update, she asked questions that were not addressed or even acknowledged. Ms. Dransfeldt stated that she has never been treated so poorly before in a public capacity. She would like to know how to receive an honest and direct answer. Director Mishler stated that anyone from the community can call him and he will meet with them so that he can educate or inform them of any District topic.

8. NEW ITEMS - DISCUSSION/ACTION

A. Consideration of and Approval of the 2020 Camarillo Christmas Parade: Santa Hits the Road

Recreation Specialist Connor Soudani presented a proposal for holding the 2020 Christmas Parade: Santa Hits the Road. It would contain a 7-vehicle convoy with a board member, a city council member, entertainment and Santa Claus. The parade would run for 5 nights from 6 p.m. to 9 p.m. on December 14-18 with a different route throughout the City and District each night. Staff will present this idea to City Council if approved.

Discussion included: concerns about incomplete route or missed coverage; young children and the lateness of the hours proposed; law enforcement involvement; advertising;

nighttime cold and darkness versus a day parade; and participation levels. Board members suggested alternatives including: creating a holiday display at the Community Center for people to drive through and then retaining the displays for use in other years; having Santa available on Saturdays at the park; a one day holiday drive-thru similar to how the Halloween event will be held; or combining the 5 convoys and routes in one day throughout the City. Discussion regarding these suggestions included: trying to eliminate increased chances for gatherings; a one day drive through at the Community Center shown as too large and too long; keeping Santa safe from those who want to touch him; the need for a feel good event for the community; certain sections of the District which cannot be easily accessed because of the steepness, narrowness or busyness of the roads; the difficulty in trying to compete with larger Christmas displays within the City; obtaining involvement from the City and various partners on the varying ideas; need for City Council's input since the City will provide \$10,000 in funding for a parade; staff's use of an app called Glympse which community members will be able to use on their phones to track Santa's whereabouts along the routes; the assistance of Cumulus Media who can help the District market to specific targets of the community due to zip code, etc.; and kids staying up for the flyover with Santa's helicopter and the Holiday Train.

Chair Magner tabled the item and requested that staff bring back additional concepts.

B. Consideration and Approval of a Professional Services Agreement with Lauterbach & Associates, Architects Inc. for the Design and Construction Plans for **Community Center Kitchen Remodel**

Park Services Manager Bob Cerasuolo presented the remodel of the Community Center kitchen as a potential project which would meet the requirements for the expenditure of Quimby funds. The kitchen was built in 1969 and is in need of repair for proper operation and usage for any special events, social gatherings, or meetings. One possible concept for the remodel would be to include a teaching kitchen by opening up the adjacent room #1. Discussion included: replacement of appliances; warming kitchen versus a full commercial kitchen; experience of Lauterbach & Associates Inc. with commercial kitchens; chance of asbestos in the one wall to be remodeled; and the lack of a community kitchen in Camarillo.

Chair Magner called for a motion. A motion was made by Director Mishler and seconded by Director Dixon to approve and authorize the General Manager to enter into a Motion to professional services agreement between the District and Lauterbach & Associates, Architects Inc. for the design and construction plan documents for the Community Center Kitchen remodel.

C. Consideration and Approval of Request for Proposal Specifications for Landscape Maintenance of the Pleasant Valley Fields Sports Complex

Park Services Manager Bob Cerasuolo presented proposed specifications for an RFP for landscape maintenance at the Pleasant Valley Fields Sports Complex. Fertigation has been set up now and the softball fields and restroom cleaning have been included in these specifications. Discussion included: responsibility for picking up loose trash; need for more than one bidder for competitive pricing; District request of soil sample analysis twice a year; checking coverage of sprinklers; and field dedicated equipment and monthly updates.

Jordan Roberts asked about the increase of \$30,000 to the maintenance contract over the next couple of years. He inquired if the District is capable of providing its own field maintenance at PV Fields. General Manager Otten stated that the equipment the District would have to purchase would cost the District more than if we went out for an RFP. Mr. Jordan asked if the increase of the \$30,000 over the next few years was included and if there ever was an actual study of staff versus a contractor. Ms. Otten stated that just one of the larger mowers cost over \$100 thousand and that amount does not include any manpower or maintenance of the machine. There are over six to seven pieces of equipment out there on a regular basis and the blades have to be constantly sharpened. Director Malloy stated that contractors do not have their employees in CalPERS or other benefits, so their labor costs are substantially less and overall, the numbers were not even close. The last study was completed in approximately 2010 or 2012. Mr. Jordan suggested that people putting on the tournaments should be responsible for picking up their trash and the District and the city residents should not have to bear this additional cost in a contract. Also, Mr. Jordan supports moving ahead with the staff proposed parade from Item 8.A.

Chair Magner called for a motion. A motion was made by Director Mishler and seconded by Director Malloy to approve the request for proposal specifications for the maintenance of the Pleasant Valley Fields Sports Complex Landscaping.

D. <u>Consideration and Approval to Extend the Landscape Maintenance Service Contract between the District and Natural Green Landscape Inc.</u>

Park Supervisor Nick Marienthal presented a request to approve the extension of the landscape maintenance service contract with Natural Green Landscape Inc. Discussion included: commendation of Natural Green Landscape with a great working relationship; and fair competitive pricing based on the effects of minimum wage rates. Mr. Roberts inquired if the District has completed any analysis compared to in-house staff maintenance. Mr. Roberts also suggested that the District go out to bid because people should be making competitive bids during this time. General Manager Otten mentioned that a rough analysis was completed about 3 years ago and with the cost of the equipment and labor expenses, contract maintenance was less expensive. Director Mishler stated that he has noticed that the landscaping businesses have become busier during this time because people are home and wanting to get landscaping projects completed.

Chair Magner called for a motion. A motion was made by Director Malloy and seconded by Director Mishler to approve the extension of the landscape maintenance services contract between the District and Natural Green Landscape Inc. for two years.

Motion to Approve Contract between the District and Natural Green Landscape Inc. for two years.

9. INFORMATIONAL ITEMS

A. <u>Chair Magner</u> – Chair Magner presented an update on the highlights of CSDA. There are over 1300 organizations throughout the state within CSDA including districts for irrigation, recreation and parks, cemetery, fire, police, health care, etc. which take advantage of CSDA's training, education and legislative advocacy. Over 5400 bills were reviewed from the state senate and over 4500 people were trained in 2020. All of the webinars in 2021 will be free for CSDA members.

- B. <u>Ventura County Special District Association/California Special District Association</u> VCSDA Chair Magner stated that the group met last night and meets every 2 months.
- C. <u>Ventura County Consolidated Oversight Board</u> Director Mishler reported that the board met and are dealing with Oxnard who is behind in money for their projects. The cities will have an overview of their RDA next time.
- D. <u>Santa Monica Mountains Conservancy</u> Director Mishler reported that the state agency is short on money and they have to tighten their budget.
- E. Standing Committees Finance Director Malloy stated that the committee worked on cash projection numbers and that they should not have to reduce the workforce, but they are watching everything very close. Liaison Director Dixon reported no meeting. Long Range Planning Director Malloy and Director Kelley reported that the committee met at the Las Posas Equestrian Park and walked the trail. There are numerous property owners along the trail, some steep areas, fences and trees which are falling down onto the trail. Access to the trail is blocked by the county's Flood Control (Watershed Protection) so that the horses and people cannot get through and the upper trail is not accessible by horse. The District will need to get the owners on board and maybe expand the trails with the trail committee's help. Personnel Director Kelley stated that they discussed health benefits and compared prices. Policy Director Dixon stated that they are progressing on the tournament policy.
- F. Ad Hoc Committees Miracle League Director Malloy stated that there was no meeting. Ms. Otten stated that the group has attained an attorney and is reviewing agreements. Nexus Study No meeting.
- G. Foundation for Pleasant Valley Recreation and Parks Chair Magner reported that the group is on hold.
- H. General Manager's Report General Manager Mary Otten reported there will be the 2nd phase of the audit towards the end of October. The Community Center will be a voting location for In Person Voting and Ballot Drop Off in Room #7 on October 31 through November 3. Recent county COVID related updates include moving from the purple tier to the less restrictive red tier. Fitness groups are allowed inside with 10% capacity and places of worship can move inside with 25% capacity or under 100 people. When the county moves to the orange tier, the District may be able to consider opening the pool. Pickleball courts were opened two years ago and the usage has increased to a point where the courts may have 50 people waiting to play at Bob Kildee Park. The District needs to look at pilot programs and form an ad hoc committee to take a look at solutions. Ms. Otten mentioned that the *Camarillo Acorn* contacted her this week about a letter that the District

received in May regarding a California Voting Rights Act violation from Attorney Kevin Shenkman. PVRPD had considered the subject of redistricting, but that was placed on hold due to the COVID-19 pandemic. Governor Newsom set in motion executive orders which suspended the time frame for important matters such as addressing moving elections from at-large to district based due to the difficulty in being able to have the community fully participate in the discussion. Mr. Shenkman recently lost an appeals case regarding redistricting in Santa Monica which may go to the Supreme Court and affect future cases. Chair Magner stated that Director Dixon and herself will be on a new Ad Hoc committee regarding pickleball.

10. ORAL COMMUNICATIONS

Director Kelley stated some of the streets of Camarillo such as Ponderosa Road are not wide enough for bikes and vehicles. The City should do an assessment or study before someone is hurt. Mr. Kelley also mentioned that during the time for public comments, the public can speak about items that are not on the agenda, but the board members will generally not respond to non-agendized items. The public can bring up questions and call the District or board members if they would like to pursue placing an item on future agendas. Director Kelley also wanted to clarify social media questions he has seen and stated that the title of Recreation Specialist at the District is an entry level position which does not require a ton of credentials. Director Mishler congratulated Chair Magner who is the CSDA executive committee vice president for 2021. Director Mishler thanked Recreation Services Manager Eric Storrie and staff for working on the tentative proposals with the school district and the Boys and Girls Club and for working with the City to help the community with child care. Mr. Mishler thanked staff for their work with the new digital marquee. Regarding the redistricting letter that the District received, Mr. Mishler stated that the new census is a variable that may have an impact on actions next year.

Director Dixon stated that the community should take a close look at the 12 ballot initiatives, because some are including provisions that are not related to the proposal. Director Malloy stated that the EIR document regarding the development at the Camarillo Springs Golf Course was released right before the City Council's triennial review and the new golf course is not even mentioned in the report, just the housing aspect. Two councilmembers are now against the project. Chair Magner thanked the board and staff for recognition of her new position with CSDA. She will address the organization's branding inconsistencies throughout the state. If a group is titled as a park and recreation organization or department, then it is listed as connected to a city or county. An organization listed as a recreation and park district is a special district. PVRPD is a recreation and park district which was established before the city came into being and has a separate board with 5 elected officials. Ms. Magner thanked Administrative Analyst Jessica Puckett for working on obtaining the extra pixel count for the new marquee because the corner looks great.

1. CALL TO ORDER

The special meeting of the Board of Directors of the Pleasant Valley Recreation and Park District was called to order at 5:00 p.m. by Chair Magner.

2. PLEDGE OF ALLEGIANCE

3. ROLL CALL

All present. Colin Tanner, legal counsel for PVRPD was present via Zoom. Also Present: General Manager Mary Otten, Recreation Services Manager Eric Storrie, Park Services Manager Bob Cerasuolo, Administrative Services Manager Leonore Young, Human Resources Specialist Kathryn Drewry, Customer Service Lead/Recording Board Secretary Karen Roberts, Recreation Supervisor Macy Trueblood and Recreation Specialist Connor Soudani.

4. ADOPTION OF AGENDA

Agenda accepted as presented.

5. OPEN COMMUNICATION/PUBLIC FORUM

Bev Dransfeldt, a Camarillo resident, District employee and candidate for the Pleasant Valley Recreation & Park District's Board of Directors called in to address concerns regarding last week's October 7 board meeting. Ms. Dransfeldt stated that she appreciated board members' information regarding their contact info and willingness to discuss any questions, however, she said that the email messages or phone calls are not made available to the general public. Ms. Dransfeldt stated that there is an issue with the District's transparency in that the directors knew that the letter regarding redistricting was served to the District but was never publicly mentioned. The three District incumbents running for this year knew they might be adversely affected in an election based on where they lived, but still ran. Also, Ms. Dransfeldt mentioned that there is a lack of respect between the board and employees and that the position of Recreation Specialist was called out and disrespected by a board member.

6. UNFINISHED BUSINESS - DISCUSSION/ACTION

A. <u>Further Discussion and Consideration for the Approval of the 2020 Camarillo Christmas Parade: Santa Hits the Road</u>

Connor Soudani, Recreation Specialist presented five 2020 Christmas Parade options for this year in response to the Board's request for additional ideas. Included options were:

- 1. 5-Night Parade- vehicle convoy time moved up from original 6pm to 9pm timeslot to 5:30pm to 8:30pm on December 14-18
- 2. Drive-Thru lights and holiday display at the Community Center throughout December with Santa Visit on December 12 from 10am to 12pm
- 3. 1-Day Parade December 12 from 8am to 6pm vehicle convoy, most condensed version of the parade
- 4. 2-Day Parade December 12 & 13 or December 12 & 19 from 9am to 6pm
- 5. Plan for 2021 refocus on non-Christmas Parade projects and apply for a Community Events Funding Grant with the City for next year.

Discussion included: current decorations and lights on hand; material and staff time to build Christmas displays; difficulty in competing with Gemini Street and peoples' home light displays; storage of large displays; Letters to Santa mailbox; option #5 as non-acceptable to the public; reliance on staff recommendations; advertising issues; incorporation of parks in routes; importance of Santa with the young kids; rotation of staff for 5-night option; option #3 considered as one of the better compromised options with community partner visibility during the day; need for vehicle convoy relay; police escort with no closure of streets; City's possible acceptance of options 1, 3, and 4 with current \$10,000 City funding or additional funding; possible issue with a long day and vehicle breakdowns; and the use of Glympse – an app for phones to track the convoy and Santa's arrival.

Directors Malloy, Mishler, Kelley and Magner favored Option #3 - 1-Day Parade and Director Dixon favored Option #1 - 5-Night Parade. Staff will reassess Option #3 and review the operational and collaborative involvement aspects of the option.

The Board recessed to closed session at 5:59 p.m.

7. CLOSED SESSION

A. Conference with Labor Negotiations

The Board conducted a closed session, pursuant to Govt. Code Section 54957.6, with the District's negotiators, Mary Otten, Kathryn Drewry, Eric Storrie and Board Counsel, regarding labor negotiations with the employee organization, SEIU Local 721. The Board reconvened at 6:23 p.m. with nothing to report.

8. NEW ITEMS – DISCUSSION/ACTION

A. Consideration and Approval of Resolution No. 618 to Accept, Adopt and Implement the Tentative Agreement and the Side Letter Agreement for a Successor Memorandum of Understanding between District and SEIU Local 721

General Manager Mary Otten reviewed the proposed changes to the SEIU MOU 2015-18 to be incorporated into a successor MOU. The updates included the term of agreement, retroactive COLA's, certification descriptions, on-call duty, uniform allowance, retroactive sick leave and medical benefits and acknowledgement of dispute over at-will designation. Ms. Otten also reviewed the Side Letter Agreement which addresses a deferral of the July

2020 COLA until July 2021 and a clarification on the employees who will be receiving the increased compensation and/or benefits.

Chair Magner called for a motion. A motion was made by Director Malloy and seconded by Director Mishler to Approve Resolution No. 618 and thereby accept, adopt and implement the Tentative Agreement and the Side Letter Agreement for a Successor Memorandum of Understanding reached between the authorized representatives of the District and SEIU Local 721.

9. ORAL COMMUNICATIONS

General Manager Mary Otten mentioned that the state and county is permitting outdoor gatherings to include up to 3 separate households, socially distanced, for a period up to 2 hours. Ms. Otten also mentioned that special districts are waiting on a California Voting Records Act ruling from the California Supreme Court regarding redistricting and at-large elections by November 16 of this year.

10. ADJOURNMENT

Chair Magner adjourned the meeting at 6:35 p.m.

Respectfully submitted,

Approval,

Karen Roberts Recording Secretary

Elaine Magner Chair

PLEASANT VALLEY RECREATION AND PARK DISTRICT STAFF REPORT / AGENDA REPORT

TO: BOARD OF DIRECTORS

FROM: MARY OTTEN, GENERAL MANAGER

By: Leonore Young, Administrative Services Manager

DATE: November 5, 2020

SUBJECT: FINANCE REPORT SEPTEMBER 2020

RECOMMENDATION

It is recommended the Board review and approve the Financial Statements for September 30, 2020 for Fund 10, Fund 20, and Fund 30.

ANALYSIS OF COMPARATIVE FINANCIALS THROUGH SEPTEMBER 30, 2020

The District's Statements of Revenues and Expenditures for the period of July 1, 2020 through September 30, 2020 with a year-to-date comparison for the period of July 1, 2019 through September 30, 2019 are attached. The percentage rate used for the 2020-2021 fiscal year budget is 25% for Period 3 of the fiscal year.

REVENUES

Total revenue for the 3rd month ending September 30, 2020 for Fund 10 (General Fund) has an overall decrease of \$588,562 in comparison to fiscal year 2019-2020. The variance from prior year is made up of decreases in 1) Hill Fire Revenue (\$156,693), 2) Public Fees (\$131,930), 3) ROPS (\$114,028) and various other line items that are also reflected from prior years. Excluding the Hill Fire Payment, the decreases in a majority of the revenue line items are due to COVID-19 which will have a major impact on the FY2020-2021 budget. Unfortunately, the impacts of COVID-19 will continue to be challenging and will be a constant source in the decreased amount of revenue for this fiscal year. Staff will continue to monitor and adjust the budget as needed and keep the Board updated.

Total revenue for the 3rd month ending September 30, 2020 for Fund 20 (Assessment District) is at 0.50% of budget. This is normal for the Assessment District as the Assessment District does not receive any significant revenue until the tax apportionment is received in December.

For Fund 30, the Park Dedication Fund's only revenue activity for the first quarter of the fiscal year is interest earnings.

EXPENDITURES

Personnel Expenditures have decreased by \$77,712 for fiscal year 2020-2021 in comparison to personnel expenses for the same time last year. Even though most of the personnel line items

reflect a decrease in comparison to prior year, the increase in the CalPERS Unfunded Liability (\$84,747) in comparison to last fiscal year offset the amount of the comparison for September.

Service and Supply Expenditures for Fund 10 have decreased \$168,091 in comparison to the same time as last year. Most of the expense accounts are exhibiting a decrease in comparison to prior year, which are 1) Hill Fire (\$64,011), 2) Reserve Buckets Lines #7970 thru #7975 (\$33,750) and various other expense line items.

Fund 20 is at 20% in Personnel and 24% in Service and Supplies.

Fund 30 has no Personnel or Services and Supplies Expenses for the fiscal year 2020-2021.

The capital projects in Fund 10 (General Fund) are at 31% with the Community Center Marquee project being completed. Fund 30 (Park Dedication Fees) have begun as the Community Center Kitchen project is in the beginning stage.

FISCAL IMPACT

Overall, the financials show the District is under the approved budget for Fund 10 by 2.44% and Fund 20 by 1.41%.

RECOMMENDATION

It is recommended the Board review and approve the Financial Statements for September 30, 2020 for Fund 10, Fund 20, and Fund 30.

PLEASANT VALLEY RECREATION AND PARK DISTRICT STAFF REPORT/AGENDA REPORT

NO. 662 REQUESTING A LOAN FROM THE CAPITAL

ACCOUNT TO THE GENERAL FUND ACCOUNT

SUMMARY

Staff is requesting the Board to approve a temporary loan from Capital to the General Fund to help cover payroll and accounts payable expenses until the tax apportionment is received. This request is only precautionary as the District appears to have enough cash to handle all payroll and accounts payable invoices until the tax apportionment is received, which should be between December 20th – December 26th.

BACKGROUND

Staff continues to be prudent while managing the District's annual fiscal year budgets. Though the District's revenues have improved in years past, this year is different due to the COVID-19 pandemic. Beyond a variety of fees and charges that serve as revenue, the primary source of revenue is property taxes and it is unclear at this time what the tax apportionment will look like as the pandemic has put many citizens into economic hard times.

The District receives the property taxes in two increments during the months of April and December. In the past, these two payments have been sufficient to cover the District expenses from April through December and January through March. For the month of December, the District may need to borrow funds from the District's Capital account which will include a payment to cover any interest earnings the capital account may lose due to the loan. The interest rate would be the equivalent to what the Capital account is currently earning at Pacific Western Bank; currently the Capital account earns interest at 0.04%. Once the December tax apportionment is received, the loan will be repaid back to the Capital account with interest. It is anticipated the loan would be no more than a 10-day loan if needed.

ANALYSIS

Staff is requesting a not to exceed amount of \$200,000 from the capital account to sufficiently operate for the remainder of the calendar year and prior to receiving the December property tax increment. This temporary loan, if needed, will provide funds for personnel costs and operations (services and supplies) and will not force the District to borrow funds from the District's bank as it had to do in the past.

Included with this staff report is the cash projection thru December 31, 2020. This projection does not include the property tax apportionment that is scheduled to be received at the end of December 2020. The cash flow attached is of October 29, 2020 when the reports were prepared for the November 5, 2020 agenda packet. Staff is confident there is adequate cash on hand to cover the payroll and services and supplies if the projections hold true. The request for the loan is precautionary only as to secures funds in the event of a major catastrophic event or the property tax apportionment is delayed.

Based on the December property tax payment history, the District will be able to reimburse the Capital Account in January 2021.

FISCAL IMPACT

The fiscal impact to the General Fund will be for the interest paid to the Capital Account of approximately \$2.20 if the entire \$200,000 is borrowed from the Capital Account.

RECOMMENDATION

It is recommended that the Board adopt Resolution No. 662 directing staff to loan funds from the Capital Account to the General Fund Account to cover payroll and accounts payable expenditures for the last month of calendar year 2020.

BOARD MEETING DATES FOR 2021

RECOMMENDATION

It is recommended the Board review and approve the dates for the Regular Board Meetings for calendar year 2021.

BACKGROUND

The meeting dates for the new year are traditionally reviewed at the December meeting. However, this year there are **two** scheduling conflicts that staff believes should be addressed earlier to allow for necessary accommodations. Typically, the Board meets the first Wednesday every month at the City Hall Council Chambers. Due to scheduling conflicts, the District is not able to reserve Council Chambers the first Wednesday in **November or December**. Staff have identified **that the following day, Thursday, for November and December is available**. Staff is recommending the Board meet the **following Thursday for November and December**. The City has confirmed that the listed dates are compatible with the City Hall Council Chambers **2021** schedule.

It is recommended the Board review all the meeting dates and make recommendations for any additional changes due to holidays and/or conflicts.

RECOMMENDATION

It is recommended the Board review and approve the dates for the Regular Board Meetings for calendar year 2021.

REVIEW AND APPROVAL OF 2021 PART TIME

SALARY SCHEDULE WITH MINIMUM WAGE IMPACT

BACKGROUND

The Pleasant Valley Recreation and Park District staff completes an annual review of the State of California minimum wage increase and how it relates to our positions and salary schedule. The State of California is currently in the sixth year of a seven year plan to gradually increase minimum wage. Minimum wage will increase to \$14.00 per hour on January 1, 2021; this range started at \$10.00 in 2016 and is projected to increase to \$15.00 in 2022. At that point, it will continue to rise each year by the lesser of 3.5 percent and the rate of change in the averages of the most recent July 1 to June 30 period for the United States Bureau of Labor Statistics nonseasonally adjusted US Consumer Price Index for Urban Wage Earners and Clerical Workers.

ANALYSIS

In 2021, the following classifications will be impacted by the change in the state's minimum wage:

	2020 Curi	rent Rates	2021 Prop	osed Rates
OFFICE ASSISTANT	\$13.00	\$14.64	\$14.00	\$14.64

FISCAL IMPACT

The Part Time employees can work a maximum of 960 hours per fiscal year. The District currently has 82 part time employees who fall under the proposed minimum wage increases. Since this increase will only impact 6 months of the fiscal year, the increase determined for 480 hours is \$41,000 which has been calculated into this year's fiscal budget.

RECOMMENDATION

It is recommended that the Board review and approve the updated salary schedule.

PLEASANT VALLEY RECREATION AND PARK DISTRICT STAFF REPORT / AGENDA REPORT

TO: BOARD OF DIRECTORS

FROM: MARY OTTEN, GENERAL MANAGER

By: Anthony Miller, Administrative Analyst

DATE: November 5, 2020

SUBJECT: RECOMMENDATION OF ALTERNATIVE 1 OR 6

REGARDING PHASE 1 OF THE ARNEILL RANCH PARK RENOVATION PROJECT AND APPROVAL OF

RESOLUTION NO. 663

SUMMARY

The Pleasant Valley Recreation and Park District developed a community driven design plan for the renovation of Arneill Ranch Park in August 2019. A state grant was sought to fund the implementation of this design however, the project was not awarded any State funding. Withers & Sandgren Ltd., the same firm that developed the renovation design, was retained to develop phased plans for the implementation of the project. Phase 1 was designed to establish a foundation for the rest of the master plan however, to completely achieve this goal, a significant change in the budget may need to be made or a scaling back of the Phase 1 scope.

BACKGROUND

Arneill Ranch Park was developed in 1980 as a five-acre park. It is home to fitness stations, an age 3 to 12 play structure, restroom, uncovered picnic tables, and the city's only non-school running/walking track open to the public. This park sits between Arneill Drive and Sweetwater Ave and has twenty-four available parking spaces. The park serves as the District's "fitness-focused" park and is one of the District's most passively used parks. Arneill Ranch Park provides space for practices, dog walking, recreational walking, picnic rentals, and District programming.

During the January 2019 District Board meeting, staff was directed to pursue options for the redesign of Arneill Ranch Park considering its continued maintenance issues regarding the restroom, track, and irrigation system. District staff recognized that the renovation of Arneill Ranch Park would address a top need of the District, as defined in the 2018 Senior and Community Recreation Center Facility Needs Assessment. Accordingly, staff broached the topic of pursuing Proposition 68 grant funding for the renovation of qualifying District parks. It was determined that the Park site was eligible for grant funding from the Statewide Park Program ("SPP"), a grant program funded by the passage of Proposition 68 in June 2018.

On April 15, 2019, the District Board approved a Request for Proposals for Architectural Design Services which would develop a renovation plan in accordance with the guidelines set out within the Statewide Park Program (SPP). On May 1, 2019, Withers & Sandgren Ltd. were selected to create a park design to be submitted to the SPP. That process was completed and in August 2019 the grant application was submitted. Although the design met all the requirements of the program, the project was not selected for funding by the Office of Grants and Local Services. However, due to the pressing need for renovation, Withers & Sandgren Ltd. was again selected to develop plans for a phased construction of the plan submitted in September 2020.

These options were presented to the Finance Committee in October 2020, where they were referred to the full Board with more information requested regarding long-term cost implications of Alternative 1 and more specific rebate information regarding Alternative 6.

ANALYSIS

Through a series of meetings, staff and the architect identified several challenges presented by the scope of this phase, the potential impact of ADA regulations, and budgetary limitations. The architect was directed to develop a phase which included as much work as possible that would then not need to be altered or affected by future construction phases. A series of five different alternatives were presented to staff which were discussed and boiled down to a sixth plan (named Alternative 6 here) and one of the original plans which is being brought to the Board for discussion.

Both plans presented seek to address the same issues, primarily fixing the infrastructure within the park. Alternative 1 does not go as far as Alternative 6 when it comes to the rehabilitation of the park and may cost the District more and cause certain tasks to be re-done.

	Alternative 1	Alternative 6
Demolition	✓ Revisions Needed	✓
Grading	✓ Revisions Needed	✓
Construction	✓	✓
Landscaping	✓ Revisions Needed	✓
Irrigation	✓ Revisions Needed	√
ADA Improvements	None	✓
Future Phase Prep	Additional Expense	None Necessary

Alternative 6 was developed to provide the District with as complete of a "baseline" as possible to facilitate the construction of the rest of the master plan. However, it is expected to cost approximately \$882,742.29, which is over the \$750,000 budgeted for the project. Additionally, this is exacerbated as ADA upgrades are expected to be required, which would push the approximate total cost of this phase to \$1,060,823.25.

Alternative 1 is purposely limited in scope to maintain the original budget and is estimated to cost approximately \$735,244.05. However, while it does not include the same items as listed above in Alternative 6, it also does not include any substantial re-landscaping, fitness station site prep, or clearance of stations from the inside of the track. While the irrigation is completed, that lack of landscaping and fitness station work will require "re-doing" certain irrigation layouts and removing a substantial amount of turf later. Additionally, the lack of landscape improvements and feature improvements would not allow the District to apply for funds through the Metropolitan Water District's "Be Water Wise" program. While this option does fall within the original budget, it may also increase the total cost of the project over the life of the renovation.

The following table outlines an estimate of the additional costs that would be incurred if Alternative 1 is selected to bring it to the same state as Alternative 6 and be prepared for future work.

	Alternative 1	Estimated Additional Cost
Demolition	✓ Revisions Needed	\$17,666.60
Grading	✓ Revisions Needed	\$18,142.80
Construction	√	None
Landscaping	✓ Revisions Needed	\$116.302.00
Irrigation	✓ Revisions Needed	\$126,190.00
ADA Improvements	None	\$203,080,96
	Total Cost of "Redone" Work	\$160,999.40
	Total Cost of "New" Work	\$364,080.36
	Total Additional Costs w/Fees	\$585,357.57
	Total Combined Cost (Alt. 1 plus additional "Phase 2" costs)	\$1,282,505.57

FISCAL IMPACT

Seven hundred fifty thousand dollars (\$750,000) was budgeted within Fund 30 for the initial portion of this project and fees from RPD-194 (total \$2,649,209) were dedicated to fund the project. If the Board recommends Alternative 6, staff recommends a line item budget adjustment to \$1,100,000. Additionally, with approximately 50,000 sq. ft. of proposed turf removal in Alternative 6, a \$100,000 rebate may be applied for through the Metropolitan Water District's "Be Water Wise" program. This rebate would not apply if Alternative 1 is selected. Furthermore, a substantial amount of clearance work, site prep, and general labor may be performed by District staff, which could reduce the total cost of both Alternatives.

RECOMMENDATION

It is recommended that the Board discuss the merits of both Alternatives and provide staff with recommendation and approval for Alternative 1 or 6. If Alternative 6 is selected, then a MOTION to approve Resolution No. 663 is needed, authorizing a budget adjustment of \$350,000 to increase the total Arneill Ranch Park renovation project budget not to exceed \$1,100,000.00.
